COUNTY COMMITTEE MEETING.

The members of the County Committee, appointed by the late People's County Convention, are requested to meet in the

McCONAUGHY'S Hall, on Tuesday the 16th inst. (Court-week), at 1 o'clock, P. M. A full attendance is desirable, as business of importance will claim the attention of the Committee.

D. A. BUEHLER, Chairman.

Aug. 8.

The Democrats of this county had their Convention on Monday last, and settled on the following ticket:—

Senator—Henry J. Myers.

Assembly—Frederick Diehl.

Commissioner—James H. Marshall.

Director—Joseph J. Kuhn.

Auditor—Amos Lefever.

Treasurer—Waybright Ziegler.

District Attorney—J. C. Neely.

Surveyor—John G. Brinkerhoff.

Representative Delegate to State Convention—Hon. J. B. Danner.

Mr. MYERS, nominated for Senator, is a very clever fellow, but we have heard it

intimated that his nomination was only a complimentary one, and that Mr. Brewer, or Mr. Nill, of Franklin county, will be the nominee. It matters but little, however, which it is, as Col. McCLELLAN will lead them a merry dance.

Our friend, Mr. DIER, we have an idea, will fall somewhat behind his worthy competitor, Mr. DUBROWAY, as we have heard it intimated, whether true or not we cannot say, that he voted against Mr. WILL last year, and that gentleman and his friends must feel disposed to return the compliment this year. Among them be it, however. Mr. DUBROWAY's prospects are very bright; and we look forward to his election by an increased majority.

The balance of the ticket is composed of very good, clever men; but we happen to have upon our good ones too, and men who will give the Democrats considerable trouble to keep close to them. We are ready for the contest. Adams must be taken out of the hands of the Philistines.

Tickets for the great Shrewsbury Camp meeting are furnished by our Railroad Company at \$1.40 the round trip.—It commences on Friday next. An extra train will run on Sunday next, leaving this place at 7½ o'clock, A. M. and returning in the evening. Round tickets are furnished from Oxford for \$1.05.

Our clever friend, Mr. JOHN KIMES, laid out our table a day or two ago, some very choice specimens of fruit, from his Nursery, of admirable quality. They were the Barodyle Dwarf Pear, the German Prune, the Orleans Sugar Plum, and the Siberian Crab Apple, for preserving. We thank him for the agreeable present. He tells us he has a large quantity of Trees of this fine fruit for sale at his Nursery, as well as every other variety.

The Rev. J. R. KRISER has kindly presented us with a very handsomely printed "Annual Catalogue of the Hagerstown Female Seminary," which we have looked over with satisfaction. This is the Institution which has been for several years under the care of Rev. Mr. BACHMAN, and now of Rev. Mr. EYSTER, late of Chambersburg. It appears to be in a flourishing condition. At the late Commencement, the Rev. Mr. KRISER, of this place, delivered an able and highly interesting Address, which is published in the pamphlet. We have perused it with pleasure, and look upon it as a very happy effort of the respected Divine.

Mr. F. B. Wolf, who has just completed his Collegiate course at Pennsylvania College, will open an Academy at Littlestown to-day, for the instruction of young persons, both male and female. His object is to establish a first-rate Classical school.

The People's Party Senatorial Conference will assemble at Chambersburg, Tuesday the 23d inst. It is generally understood that Col. McCLELLAN will be the nominee.

The Rev. C. P. Krauth, Jr. D. D., of Pittsburgh, formerly of Gettysburg, has been elected pastor of St. Mark's Church, Philadelphia, and has accepted.

A Monster Prayer-Meeting.—At a great union prayer-meeting recently held at the open air at Belfast, Ireland, in connection with the religious revival in that country, it is estimated that there were forty thousand persons in attendance.

Terrible Affair in the Ohio Penitentiary.—Two Men Shot.—A most unfortunate tragedy was enacted at the Ohio Penitentiary, yesterday afternoon, in which one man was mortally wounded and another completely riddled with bullets. It seems the government of the Penitentiary has been aware for some time of a concerted intention on the part of convicts working on the addition to escape by a rush, and consequently the guards have been unusually watchful. Yesterday, two of the convicts, named W. R. Shade, alias Richard Dork, sent from Summit county, July 5, for grand larceny, for one year, and John Sweeney, from Erie county, for burglary and larceny, sentenced March 14, for one year, working on the north side, took advantage of an apparent remissness, and made a rush for a corn field near by. But half a score of watchful eyes were upon them, and the guards, knowing that, as soon as they started in pursuit, there would be a general stampede of the whole party, raised their pieces, loaded with buckshot, and sent a volley after the fugitives, which brought the striped gentlemen to the ground, covered with wounds.

They were picked up and conveyed to the hospital, where Dr. Hamilton, Prison Physician, made examination, and found that Shade had a shot in each leg, and one through the back, the ball lodging just behind his heart. Dr. Hamilton thinks him mortally wounded. He was in terrible agony last night, making the hospital resound with his groans of intense suffering. Sweeney was shot in the legs, and through his neck, the ball making a ragged, ghastly wound, just missing the jugular. Although suffering greatly, Sweeney is not so seriously hurt as his comrade, and will probably recover.

Doubtless this prompt action on the part of the guards nipped in the bud a concerted plot, by which fifty men hoped to escape from bondage. —Columbus Journal.

Death of a Boy from Hydrophobia.—A boy named Murphy, 13 years of age, died of hydrophobia on Sunday evening, in Orange county, New Jersey. The Post says:

Some time in June he was at work in a nursery, when a strange dog passed near him, and he slapped him with his hand.—The dog snapped and inserted his teeth in the back of the right hand. About the same time another boy in the neighborhood was bitten by a dog, and his friend thought they must do something, and had the wound cauterized. This had hearing of it, thought he would say nothing about his bite, lest he should have to be buried also. In a short time the wound healed up, and nothing more was thought about it.

Last Wednesday he complained to his mother of having a sore arm and stiffness in the shoulder. It remained so until last Saturday, when he walked to Dr. Pierson's office, nearly two miles distant. His symptoms were such as to cause suspicion of the terrible disease that was working in his system. He then confessed having been bitten as above. The physicians—some ten or more, who met to see him on Sunday morning—decided that nothing could be done to save his life. He was able to be up, and walked about and conversed freely between the paroxysms, which, until this time, had been light, though with great suffering, until near three o'clock on Sunday afternoon. He then laid upon the bed and seemed to suffer most intensely, the sight of water or any liquid causing wild agony, although he did not attempt to injure any one near him. Congestion of the brain was evidently produced when his system became filled with the virus. He suffered until evening, when death kindly relieved his dreadful agony of body and mind.

It seems strange that ten doctors should decide that remedies should not be tried in the above case. They believe hydrophobia is incurable.

Right of a Man to Change his Name.—In the Court of Common Pleas of New York city, before Judge Daly, John Snook, an emigrant from Germany or Holland, applied to the court to have his name changed.

It seems that the name of Snook, in its original language, signifies Pike, and that when the bearer of the name came to this country, some years since, thinking the English equivalent more euphonious than the Teutonic patronymic, he embarked in business here under the appellation of Pike. But in process of time doubts were cast upon the legality of this translation, and to set everything right Mr. Snook came before the court on a petition for authority to denominate himself by the name of his choice. The court decided that under the New York statute of 1847 (which confers power upon a Judge to authorize a person of full age to assume another name in cases where the court is judicially satisfied that the applicant will derive pecuniary benefit therefrom), there was no sufficient evidence to authorize the order to change the applicant's name, but the court decided generally as follows:

After a minute examination into the origin of the usage that now prevails in respect to names, the Judge comes to the conclusion that there is nothing in the law to prevent the petitioner from continuing to call himself John Pike. If, as stated in his petition, he adopted it some years ago, engaged in business by that name, and is known among his business acquaintances and customers by that designation, there is no reason why he shall not continue to use it. Any contract or obligation he may enter into, or which others may enter into with him, by that name, or any grant or devise he may hereafter make by it, would be valid and binding; for, as an acquired and known designation, it has become as effectually his name as the one which he previously bore. I have no hesitation, therefore, in saying that I think he may lawfully use it hereafter in all transactions as his name or designation.

According to this judgment, there is no law to prevent any man from changing his name as he may desire; and the usual application to the legislature or the Courts is only a matter of convenience on account of the greater publicity and influence thus given to the proposed change.

A Monster Prayer-Meeting.—At a great union prayer-meeting recently held at the open air at Belfast, Ireland, in connection with the religious revival in that country, it is estimated that there were forty thousand persons in attendance.

The interior of the new Court-house is nearly finished, and the Court will be held in it this week. The Court-room presents a beautiful appearance, and will no doubt please the taste of our country friends, many of whom will this week visit it for the first time. The building is quite an imposing structure, and reflects great credit on all concerned in its erection. The granite steps, &c. in front add very much to the appearance. A flight of solid granite steps is also at the rear entrance.

The formal opening of the Western Maryland Railroad, from the Relay House on the Northern Central Railway to Owings' Mills; took place on Thursday last. There were quite a number of persons present, among whom were several of our citizens. The whole party, after passing over the road, dined at the Green Springs, and after dinner toasts were drunk, and responses given. Among the speakers were David Wills, Esq., and Hon. Edward McPherson, of this place, and Mr. Taylor, one of the Contractors. The festivities were kept up till 8 o'clock.

We understand that Prof. HARRY is making arrangements to get up a grand musical festival at Hanover, similar to the one that came off here a few weeks ago. It will probably take place about the middle of September.

Bloody Affray.—A correspondent from Fairfield informs us that a terrible fight took place on the 8th inst., between JAMES SANDERS and SAMUEL BOSTICK, on the Furnace road, and near the Furnace.—They went at it with stones and clubs, until Sanders got the upper hand of Bostick when he (Bostick) drew a pistol and shot Sanders in the left shoulder, inflicting a serious wound. Dr. SCOTTY, of Fairfield, was called in, and extracted seven shot from the wound. Had the pistol been loaded with a ball the result might have been fatal.—Star.

A young girl, named Sweitzer, employed at the Central Hotel, in Hanover, was dreadfully burned on the evening of the 6th inst., by not having secured properly the top of an ethereal oil lamp. The fluid escaped from the lamp and saturated her clothing, and the flame coming in contact with it, in a moment her dress was on fire. Before assistance could be had, she was dreadfully burned. She has suffered very much, but it is thought she is now out of danger.

The Rev. Thomas McGee, of the Baltimore Conference of the M. E. Church, died suddenly on Monday afternoon last, in the cars, about five minutes after he left his son's residence in Warrenton, Va., where he had been on a visit. He was aged 64 years. He was highly esteemed as a minister and a man. A widow and eight children survive him.

When the train of cars was returning to Carlisle from the great Firemen's parade at Shippensburg, it stopped at Newville, when several persons left the cars for a few moments, amongst them Capt. James B. McCartney, commander of the Sumner Rifles. In attempting to get on again, he missed his hold, and was thrown under the car and dragged a considerable distance before the train could be stopped. He was horribly mangled, and died in three hours. He was a young man of fine personal appearance, of generous impulses, talented and social. His funeral was one of the largest ever seen in Carlisle.

A fireman of Chambersburg, named Ruting, was also run over by the train, on his return from Shippensburg, and killed.

The Harrisburg Telegraph says that the orchards of that county are laden with a heavier crop of apples than has been seen before for many years. All other fruit is also abundant, and it will be there the greatest fruit season known for years.

The People's Convention in Cumberland county met at Carlisle on Tuesday last, and nominated Wm. B. Irvine for Senator; John McCurdy for Assembly; Alfred L. Sponsler, Treasurer; John D. Gorgas, Commissioner; C. P. Hummerich, District Attorney; Geo. Walters, Jr., County Surveyor. The Democrats have nominated John B. Church for Assembly, and Abraham Kilian for Treasurer.

Lewis W. Hall, Esq. of Altoona, has been nominated by the Republicans of Blair, Clearfield and Cambria, as their candidate for State Senator. He is a young lawyer of distinguished ability.

The members of the Worth Infantry Band, at York, Pa., have purchased the lot of ground on the western end of New street, on the east bank of the Codorus creek, which they intend converting into a public park for the purpose of holding concerts and other exhibitions. It will cost \$1,600, and has been named the Mount Vernon Park.

A great trotting race took place over the Eclipse Course, near New York, on Tuesday last, for a purse of \$1,000, between Flora Temple, (owned by Wm. McDonald, of Baltimore), and Princess. The former won the three heats. The first heat, (one mile), was trotted in 2 minutes 23½ seconds; the second in 2 minutes 22 seconds (the fastest trotting on record); and the third in two minutes 23½ seconds—precisely the same as the first.

The August Elections.—The result of the election in North Carolina Ruffin, Winslow, Branch and Craige, democrats, and Smith, Gilmer, Leach and Vance, opposition, are elected to Congress. Vance is re-elected by an increased majority. The democrats lose two members in this State.

In Tennessee the members elected are Thomas, Wright and Avery, democrats, and Nelson, Maynard, Brubson, Stokes, Quarles, Hatton and Etheridge, opposition—a democratic loss of four members.

The Congressman from Oregon.—The result of the election in Oregon for a member of Congress is not definitely known, but the chances appear to be in favor of Logan, republican, over Stout, democrat. The latest returns put Stout 44 votes ahead, with two counties to be heard from, and these are reported at 70 majority for Logan, thus electing him by 26 votes. This is an important result, as in case the Presidential election is taken to the House of Representatives, the vote of Oregon is equal to that of the State of New York.

The House of Representatives.—There have been, so far, elected to the next U. S. House of Representatives, 74 democrats and 181 "opposition." The latter, of course, will have a decided majority.

The Judges of the Supreme Court.—Chief Justice Taney, of the United States Supreme Court, is in the 83d year of his age. His eight associates in the court, with one single exception, are all three score years and ten, and some of them considerably exceed that number.

From Oregon, we have the gratifying intelligence that Daniel Logan, the Republican candidate, has been chosen Representative to Congress. This encourages us to hope for the speedy choice of two Senators, who shall worthily represent the free State of Oregon at Washington.

A report having been started that Judge McLean had changed his opinion somewhat as to the power of Congress to legislate upon Slavery in the Territories, the following extract from a letter from him, dated a year ago, should settle it:

"Without the sanction of law, Slavery can no more exist in a Territory than a man can breathe without air. Slaves are not property where they are not made so by the municipal law. The Legislature of a Territory can exercise no power which is not conferred on it by Congress."

An Expensive Government.—The taxation which the British Parliament imposes this year, for the support of Government, amounts to the enormous sum of sixty-nine millions sterling, or four hundred and forty-five millions of dollars. Of this sum, over twenty-eight millions pounds sterling go to pay interest on the national debt, and over twenty-six millions sterling are required for the army and navy. This taxation exceeds the cost of our General Government and of all the States and Municipal Governments in the Union combined.

Decrease of Emigration.—The rush of emigration from Germany has been arrested by the war. The war caused such an appreciation in the value of real money, and consequently such a depreciation in the price of salable property, that the Germans could not sell their farms and houses and stock for ready money, which they bring with them to invest in the cheap and fertile lands of the West. The return of peace will speedily restore this species of property to its former value, and this fact, combined with the withdrawal of the extraordinary military restrictions, will tend to increase the amount of emigration for the latter half of the year.

Since the union of the two Canadas the debt has increased from six to sixty millions, and the annual expenses of the Government from a million and a quarter to eleven millions and a half. The great expenditures have been made, it is stated, to conciliate various localities and to fatten speculators.

A Sharp Trick.—A free negro boy, from Frederick City, lately found himself in Mount Airy, Carroll county, Md., a long distance from his home, without money to get back. By putting on a suspicious air, he imposed on a gentleman, who took him for a runaway, and after questioning him, receiving unsatisfactory answers, concluded to take the cars, escort the lad home, and pocket the reward he had pictured in his imagination. On arriving at the end of his journey, however, he found that the boy was free and had been practicing upon his credulity. He was much crest-fallen at the discovery and left as quick as possible.—Balt. Amer.

A new counterfeit Five Dollar Note on the Harrisburg Bank, has been put in circulation. There is a harvest scene on the right lower corner—a large 5 in the centre, with the State Capital directly underneath. The counterfeit is an exact imitation of the genuine notes of the bank.

Landing of a Cargo of Africans on the Coast of Florida.—WASHINGTON, August 8.—By mail this evening we have information that a cargo of six hundred Africans has been landed on the Florida coast, near Tyra. As soon as the landing was effected the vessel was fired and abandoned. This statement is made on the authority of United States Marshal Blackburn.

The Herald of Truth, a new religious weekly, published in the City of New York, and edited by Rev. John W. Mason, has been received at our office. Its avowed object is to disseminate the views of the leading Divines of the various Evangelical denominations as expressed in their sermons, and to re-assert a movement made last winter, in the City, and felt throughout the country, (by means of gratuitous preaching in the Academy of Music, and other large buildings) to make the GOSPEL ACCESSIBLE TO ALL. Sermons are, therefore, the great feature of the paper, and four or five are to appear in each number. In the copy before us are five—two by the Rev. C. H. Spurgeon, of the Baptist Church of London, said to have been preached to audiences of about ten thousand persons; one by the Rev. Dr. Berneux, of the Reformed Dutch Church, of Brooklyn, N. Y.; one by the Rev. Dr. McClintock, of the Methodist Episcopal Church, of New York City; and one by the Rev. Lemuel Haynes, (deceased,) formerly of the Congregational Church, of Rutland, Vt.—The HERALD OF TRUTH is a large quarto, and is offered for \$2.00 per annum, \$1.00 for 6 months, single copies 5 cents. It can be obtained of the News Agents, anywhere, if application is made to them, or where there are no News Agents, persons wishing to subscribe, can enclose the price, and address as follows: "HERALD OF TRUTH," No. 130 Nassau Street, New York.

Agricultural Fair.—The Ninth Annual Exhibition of the State Society will be held on the Powelton Grounds, Philadelphia, on the 27th, 28th, 29th, and 30th of September. See advertisement in another column.

The Rev. Wm. Taylor, of Penn-Yan, N. Y., has been unanimously elected Pastor of the Presbyterian Church in York, and it is thought will accept.

The Emperor Napoleon has decided that the French army and navy shall be restored to the peace footing with the least possible delay. His declaration of this intention was generally regarded as sincere and pacific.

The Austrians maintain their army on a war footing in Italy, numbering 200,000 men. General Baron Hess has been appointed Field Marshal, and has the supreme command of all the troops and military establishments in Austrian Italy.

Sharp Dull, Decidedly.—Eighteen thousand sheep—an unprecedented number—were received in New York last week.—The extreme drought has parched the grass, and induced their owners to send them to market. The lambs are, many of them, not in good condition, and sell at a dollar a head. The market is so dull that many drovers have taken their sheep to Long Island, and distributed them among the farmers.

A Venerable Bishop.—The Rev. Joshua Soule, D. D., senior Bishop of the Methodist Episcopal Church South, preached a sermon at Lebanon, Ohio, on the 31st ult. It is stated that some of his allusions to his early ministerial life, the deaths of his former colleagues, Wheaton, McKendree, George, and others, were very touching.—"Sixty years ago," said the Bishop, "on the 5th of January last, I left my father's home to begin the work of a Methodist traveling preacher, and this day, July 31st, I close the 78th year of my life." He spoke with his usual distinctness and compass of voice sufficient to make himself heard by a large congregation.

The Methodist Church and parsonage at Joliet, Illinois, were destroyed by fire on the afternoon of the 29th ult. The fire originated in the kitchen of the parsonage, from whence the flames soon spread to the main edifice and to the church building, burning the former to the ground and leaving nothing of the latter save bare and blackened walls. The loss is from \$10,000 to \$15,000.

More Banks in Discredit.—The notes of the Monongahela Valley Bank, at McKeesport, Pa., were thrown out by the Philadelphia brokers, last week, and it is reported that the bank has failed.

There are rumors in circulation at Pittsburg, affecting the credit of the Crawford County Bank, which has recently undergone a change of management and ownership. The character of the Bank, according to *Holmes' Journal of Finance*, permits an issue of \$900,000 without a particle of security. Until the condition of the Bank is better understood, it would be well to refuse the notes.

A Successful Youth.—A letter from Kansas in the N. Y. Times, speaking of the gold mines, says: Edward Ropes, a boy who left Lawrence last spring with a hand-cart, has just been heard from in the mountains. He has one of the best claims, and has been offered \$22,000 for it. He is the son of a widow lady living in Boston, who has written a book on our early history.

THE SICKLES FAMILY.—It is stated that the wife of the Hon. Daniel E. Sickles, with the other members of the Baglioli family, are about to take up their residence in Italy, and in the event of Mr. S. losing his seat in Congress, he will immediately join them.

Cruelty to a Horse.—A canal boatman named Graham was arrested at Marietta on Thursday last, and fined seven dollars and sixty cents for beating a horse. The wretched poor animal on the head with a heavy spread stick until he fell on the tow-path. The man who could be guilty of such a crime deserves much severer punishment.—Lanc. Union.

An Old Turtle.—Mr. Isaac Hoover, living near New Holland, Lancaster county, found in one of his fields, a few days since, a land turtle with the date and initials "1810—L. H." cut on the under shell by himself in that year. The turtle was alive and active, and not any larger than it was forty-nine years ago.

Foreign Intelligence.

NEW YORK, Aug. 9.

The steamship Hammocia has arrived, —She left Southampton on the 26th ult., and brings London papers of that morning. The second edition of the *London Times*, of Tuesday, gives the preliminaries of the peace of Villa Franca as follows:

The two sovereigns of France and Austria will favor the creation of an Italian confederation. That confederation shall be under the honorary Presidency of the holy father the Pope. The Emperor of Austria cedes to the Emperor of France his rights in Lombardy, excepting the fortresses of Mantua and Pesobaria, which rights the Emperor of France will hand over to the King of Sardinia. Venetia forms part of the Italian confederation, but remains under the crown of Austria. The Dukes of Tuscany and Modena return, under condition of granting a general amnesty. Both Emperors will ask the Pope to introduce indispensable reforms, and a full and complete amnesty granted to all people.

The corvette Plymouth arrived at Davenport on the 23d ult. The ship Acacia, from Calcutta for London, has been lost at sea. Twenty of her crew, and passengers were drowned.

Eight Children at a Birth.—On the 2d of August Mr. Timothy Bradley gave birth to eight children—three boys and five girls. They are all living, and are healthy, but quite small. Mr. B.'s family is increasing fast. He was married six years ago to Eunice Mowery, who weighed 273 pounds on the day of their marriage. She has given birth to two pairs of twins, and now eight more, making twelve children in six years. It seems strange, but nevertheless true, Mrs. B. was a twin of three, her mother and father both being twins, and her grandmother the mother of five pairs of twins. So says a correspondent of the N. Y. Tribune, writing from Trumbull, Ohio.

Mrs. B. has named her boys after noted and distinguished men: One after the Hon. Joshua R. Giddings, who has given her a splendid gold medal; one after the Hon. Rev. Elijah Chalmers, who gave her a deed of 50 acres of land, and the other after James Johnson, Esq., who gave her a cow. Mr. Bradley says it is probable to have twins, as the neighbors have clothed the others ever since they were born. Mr. B. is a poor, industrious laborer, but says he will not part with any of his children while he is able to work.

A Wife's Revenge.—A Mr. Wall, of Petersburg, Va., although married, has been in the habit of taking respectable females out to ride. His wife, learning the fact, started on the other day, armed with a hatchet, determined to execute vengeance upon any frail sister whom she might find with her husband.

Wall had just returned from a ride, and his companion had started to enter her house, when he called her back for a parting kiss.

She was in the act of reaching up towards him as he sat in the buggy, when the outraged wife rushed up and planted the hatchet in the back of the girl's neck and repeating the blows once or twice, left her bleeding upon the ground. The offending female was seriously injured, but at last accounts was recovering.

By some means this note fell into the hands of the husband, who, aiming himself with a stout pair of tinners' shears

DR. S. FELLER'S FAMILY MEDICINES

ARE the only preparations of the kind placed before the public under the name of Eclectic. They are called Eclectic because they are carefully and scientifically selected—the best from all the coo—and approved by the most scientific men in the United States. They do not contain any Mercury, Arsenic, or Opium, or anything that would be deleterious to the most delicate constitution.

All who understand the curing of disease know that medicine only assist nature, and unless they act in harmony with nature, disease cannot be cured. Want of a proper knowledge of these facts causes many of our fellow citizens to go down to an untimely grave.

I can therefore recommend this preparation with the utmost confidence, and am fully persuaded, from past experience at the bedside of the sick, that it will give very general, if not universal satisfaction. Yet, at the same time, I do not pretend to say that it is a cure-all, or that it is, in all cases and circumstances, infallible. For when a remedy is set forth as "Cure-All," "Infallible," &c., the conclusion with me is irresistible, that the proprietor himself believes his remedy to be a humbug, and designed from the start to deceive the public.

SAMUEL CRONCE,
Wholesale Agent, York Sulphur Springs, Adams county, Pa., and for sale by Dr. Buehler, Gettysburg; J. S. Hollinger, Heidelberg; Jacob King, Hanoverstown; and Jacob A. Gardner, Peterborough.

We would say to the public, that all we want is a fair trial, and it will recommend itself.
